

Hemispheric Camera Q25 360°

ecl-ips

One new feature of the Q25M is the "panorama correction". In just seconds, the user can independently fine-tune the live image in the panorama image generated by the camera.

Quad view shows images from four different angles simultaneously. View an entire room/office/canteen from just one Mobotix Q25M Camera!

The new Q25M includes a more powerful microprocessor and an optimized system platform attaining twice the image frame rate as the old Q25M

The Q25M enables you to save the images in the camera as a high-resolution video sequence

The Q25M Secure comes with a 4 GB MicroSD card that can record about 50,000 panorama images or four hours of video

Allround Easy. Allround Secure.

An elegant, ultra compact and weatherproof IP dome camera. Thanks to the 360° allround view to capture an entire room, a panorama function and a quad view to show images from four different angles simultaneously, the Q25 can be used in all new scenarios.
