

ACC™ ES RUGGED 8-PORT APPLIANCE

RUGGED & RELIABLE SOLUTION FOR HARSH ENVIRONMENTS

The Avigilon Control Center (ACC) ES Rugged Appliance is purpose-built to meet the challenges that are commonly faced in city security, critical infrastructure and temporary security applications. As a rugged device, it incorporates a fan-less design, solid-state storage and an 8-port PoE switch, all packaged in a heavy-duty enclosure. As a result, it is designed to provide a reliable solution that is suited for harsh environmental conditions such as extreme temperatures, without requiring the addition of expensive heating or air conditioning systems.

FEATURES

VIDEO ANALYTICS

Supports object detection and classification for live or forensic analytic events like objects in area, loitering, crossing beam, etc.

SOLID-STATE STORAGE

Robust storage design increases reliability with minimal heat build-up and better resistance to vibration and shock

WEB ENDPOINT TECHNOLOGY

Optimized for mobile connections out-of-the-box with built-in web endpoint technology

ISOLATED DIGITAL I/O

Greater reliability with more resilience against ground loops and electrical interference

HIGH TEMPERATURE RANGE

Optimized to operate reliably even at increased temperature variances

8-PORT POE SWITCH

Embedded PoE switch for greater installation convenience

REMOTE NOTIFICATIONS

Receive instant notifications to any mobile device with full support for remote alerts

LOW VOLTAGE OPERATION

Operable with any 9-32VDC 100W power source

EMBEDDED VIDEO MANAGEMENT SOFTWARE

Pre-configured with ACC software

SHOCK & VIBRATION TOLERANT

Tested to MIL-STD-810G
